Recap of Session and Presentation Information

Control/Tracking Number:
17406

Name: Muhamed Saric

Session Type: Scientific Session

Session Number: 640

Session Title: Mitral Regurgitation - Shifting Thresholds and Options?

Session Time: Saturday Apr 2, 2016 2:00 PM - 3:30 PM

Room: Room S405

Speaker Notes from Session Organizers: An emphasis on updates in guidelines, newer technologies and controversies is the requested focus. Embedded case based didactic lectures will keep the emphasis case based and clinical decision focused. Interspersed in the session will be point, counter-point style discussion with opportunity for panel discussion.

Disclosure

As a provider accredited by the Accreditation Council for Continuing Medical Education (ACCME) and the American Nurses Credentialing Center (ANCC), the American College of Cardiology Foundation (ACCF) must ensure balance, independence, objectivity and scientific rigor in all of its directly provided or jointly provided/co-provided educational activities. Planners, presenters, and other contributors, in a position to control the content, are required to disclose to the audience all relevant financial relationships he/she and/or his/her spouse or domestic partner may have, occurring within the past 12 months, with any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. When an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, the contributor should disclose that the product is not labeled for the use under discussion or that the product is still investigational. Should it be determined that a conflict of interest exists as a result of a financial relationship you (or spouse/domestic partner) may have, this will need to be resolved prior to the activity. Accordingly, if you have not already done so since April 4, 2015 please submit your disclosure information immediately via ACC's online disclosure portal.

You only need to complete disclosure/conflict of interest information once regardless of the number of roles you accept. Once you have agreed to participate, please submit your disclosure information via ACC's online disclosure portal at <http://disclosures.acc.org>. Use your ACC username and password to log in. If you do not have an ACC username and password, please contact the ACC Resource Center at 1-800-253-4636 or from outside the US, 202-375-6000 ext. 5603, and inform them that you have been invited to participate as a faculty member for a CME/CE-credited activity. You can also get your username and password electronically by clicking on "Forgot your username or password?"

If your disclosure information is not on file with the ACC by January 15, 2016, you will not be able to give your presentation(s) per ACCME/ANCC regulations.

Your disclosure information will be reviewed by the Accreditation Compliance Workgroup. Staff will follow-up with you to advise if any conflicts of interest (COI) were identified, and the recommended resolution mechanisms. In accordance with ACCME and ANCC stipulations, in the unlikely event there is a refusal to disclose or inability to resolve potential COI, you will not be allowed to take part in the activity.

While your acceptance is considered pending until you complete the disclosure, you may register for ACC.16 prior to completing this step. Please note however, that registration status will be considered incomplete and meeting badge and materials will be withheld until the disclosure process has been finalized.

ACC.16 Registration

If you accept this invitation you must register for the Annual Scientific Session(staff will *NOT* automatically register you). You may register 24 hours after the time you accept your role(s).

hotel, travel, or per diem expenses. If you are an abstract presenter or challenging case presenter ONLY, you must register and pay the registration fee in your respective category.

How to Register for ACC.16

Register and secure your housing online: <http://accscientificsession.acc.org/ACC/Registration-And-Housing.aspx>. If you have questions or need personal assistance, please contact our Registration and Housing Center at acc@experient-inc.com or by phone at 1-888-322-2878 (toll-free), 1-847-996-5822 (international residents), Monday through Friday, 9:00 a.m. - 6:00 p.m. ET.

Faculty Lounge

Beverages will be available all day. Breakfast will not be served, but Faculty will be able to grab a light lunch.

Your interest in the ACC is greatly appreciated. Thank you for your prompt response and we look forward to seeing you April 2-4, in Chicago!

Print this form for your records using your browser's print button or the print option at the top of the page. If you need to contact staff about an ACC speaking invitation, email Kara Dixon at kdixon@acc.org or Jill Diamond at jdiamond@acc.org for the ACC.i2 Interventional Cardiology pathway email Matthew Parks at mparks@acc.org.
