William A. Zoghbi
Houston, TX

0707-8. Monday, March 26 3:15PM - 3:30PM.

Echo Assessment of the Tricuspid Valve

Muhammed Saric
New York, NY

AGAIN THIS YEAR: ACC will be enforcing the requirement that speakers must upload their presentation in advance and check in at the Speaker Ready Room onsite at least 3 hours prior to presentation. Speakers who miss this deadline will not be able to present. Additional AV and speaker information will be available in February.

It is important that timed talks adhere to the schedule. Session chairs are responsible for maintaining the schedule of talks as well as question-and-answer sessions. Please be sure to stay within your allotted time to ensure that any Q&A segment may occur.

The American College of Cardiology Foundation (ACCF) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) as well as the American Nursing Credentialing Center (ANCC). As such, we must abide by all ACCME expectations for our practice of continuing medical and nursing education, which includes implementing a process whereby everyone who is in a position to control the content of an educational activity must disclose all relevant financial relationship with any commercial interest. Should it be determined that a conflict of interest exists as a result of a financial relationship you (or spouse) may have, this will need to be resolved prior to the activity. Accordingly, if you have not already done so since April 2011, please submit your disclosure information immediately via ACC's online disclosure portal.

Again this year you will only need to complete disclosure/conflict of interest information one time. Once you have agreed to participate please submit your disclosure information via ACC's online disclosure portal immediately: <https://services.acc.org/Disclosure>. If your disclosure information is not on file with the American College of Cardiology, you will not be able to give your presentation(s) per ACCME regulations.

To access, please go to <https://services.acc.org/Disclosure>. Use your ACC username and password to login. If you do not have an ACC username and password, please contact the ACC Resource Center at 1.800.253.4636 or from outside the US, 202.375.6000 ext. 5603, and inform them that you have been invited to participate as a Faculty member for a CME/CE-credited activity. You can also get your username and password electronically by clicking on "Forgot your username or password?"

Your disclosure information will be reviewed by the oversight committee or chair. Staff will follow-up with you to advise if any conflicts of interest (COI) were identified, and the recommended resolution mechanisms. In accordance with ACCME and ANCC stipulations, in the unlikely event there is a refusal to disclose or inability to resolve potential COI, we will be unable to continue with your portion of the activity.

Your acceptance is pending until you complete the disclosure. Participants who have not disclosed may register for the meeting. However, registration status will be considered incomplete and meeting badge and materials will be withheld until the disclosure process has been finalized.

Accepting this invitation does not automatically register you for the meeting. You must register for the meeting through J. Spargo and Associates, the official registration and housing bureau for the 61st Annual Scientific Session, in order to obtain a meeting badge. Speaker registration will open September 13. Please visit <http://www.accscientificsession.org/Pages/home.aspx> and click on the registration link. The registration fee is waived for structured session faculty; however, the College does not pay an honorarium, nor reimburse for hotel, travel or per diem expenses. Once you have accepted this invitation, please allow 24 hours before registering in order for the data to be updated.

Your interest in the College is greatly appreciated. Thank you for your prompt response and we look forward to seeing you March 24-27, 2012, in Chicago!

Print this form for your records using your browser's print button or the print option at the top of the page. If you need to contact ACC staff about this activity, email jdiamond@acc.org.
